ELECTRONIC MEETING INSTRUCTIONS

The Madera County Workforce Investment Corporation uses Zoom as the tool to facilitate electronic meetings. Our desire is to ensure orderly Zoom meetings and to help attendees have confidence in how the meeting will be facilitated and that all members and public will be effectively heard. The following instructions provide consistent methods that will lead us to realizing that desire.

- We highly recommend use of the Zoom client app, as this tool greatly enhances the attendee's experience and provides readily accessible controls.
- Remain muted until speaking and mute again when finished speaking.
- Ensure your name shows on your connection.
- Votes will be facilitated with a roll call.
- When connecting to Zoom, if using the phone is preferred over computer audio, we request you connect to the Zoom meeting first and then choose Phone for the preferred audio connection. Input the meeting and participant IDs to relate your phone audio to your Zoom connection.
- Please avoid having both computer audio and phone audio activated as this can cause sound problems.
- If connecting via phone only, *6 will toggle mute/unmute.
- Public comments will only be taken when a hand is raised. On the phone-only connection, *9 raises the hand. You must be recognized by the presiding officer of the meeting before speaking.

7.0 Action Items

7.1 Consideration of approval of the MCWIC Executive Director's goals for the period of July 1, 2020 to June 30, 2021.

Tracie presented and reviewed her goals with the Board. Goal 1 was slightly modified from last year's goals due to the COVID pandemic. Social media marketing has been going very well. Staff want to do a better job tracking customer referrals and outreach. Work and research is being done on a virtual workshop platform which can also be used for rapid responses. The platform will be web-based. Work on the business plan is almost complete and will be brought to the board when its finalized. Staff are also working on a virtual job fair for the Fall. Goal 2: staff are researching stress management workshops through Dennis Cook for staff. Staff may possibly be cross-trained in order to provide flexibility when staff are absent or when re-assigned. Staff are participating in California Workforce Association (CWA seminars) as well as from other providers. Goal 3: Tracie and the management team met to discuss what steps need to be taken for succession planning. Maiknue Vang, Deputy Director, has completed CWA's Bootcamp and has maintained her human resources accreditation through CALSHRM. She participates in all Board meetings and similar activities. MCWIC is covered in the short term but a discussion was held as to what needs to be addressed if there is an unexpected exit. The team will work together to create a list of critical duties that need to be covered for manager duties. This list will be worked into a more comprehensive succession plan. Goal 4: the State and local workforce plans are due to the State in March of 2021. Both plans will need to be approved by the Workforce Board and the Board of Supervisors. The One Stop Operator (OSO) needs to be re-procured. The OSO contract is for a 4 year period and may include various central valley areas. Local performance goals negotiations are done every 2 years. Local areas get together to negotiate as a region and also for their own areas. Performance goals must be approved by the Workforce Development Board and are due to the State by August. Goal 5: Goal 5 is ongoing. Recruitment for both Boards is not necessary at this time as both Boards are at the necessary membership levels. A strategic planning session needs to be planned and scheduled. This session will speak to where we want to go as an organization. The process for on-boarding new members to the Boards is being updated and could include encouraging possible and new members to participate in Board events. Staff are considering creating sector driven groups from within the Workforce Board members and may consider doing the same with the MCWIC. Goal 6: Tracie is a member of the Central California Workforce Collaborative (CCWC), activities through California Forward, the CWA and other regional committees and groups. She is set to volunteer for the CWA Executive Committee as a member-at-large. This will provide helpful professional connections and networking opportunities and will also provide a small area perspective on their board. Much of the work Workforce was doing stopped when the pandemic hit but staff are making sure to continue to keep connections with city, county and local leaders and organization strong. The Board commended Tracie on her progress on her goals.

Ramona Davie moved to accept, seconded by Mattie Mendez.

Vote: Approved – unanimous

Yes: Debi Bray, Gabriel Mejia, Lindsay Callahan, Mattie Mendez, Mike Farmer, Ramona Davie, Roger Leach, Tim Riche

8.0 Information Items

8.1 Workforce Development Board (WDB) of Madera County Update

Information provided within the agenda packet. The WDB met last in June and will meet next in August.

8.2 MCWIC Year-to-Date Financial Reports Update

Information within the agenda packet. We are moving relatively smoothly through the close-out process. We anticipate closing out relatively soon as our audit is scheduled for August. We should be able to provide close-out financials at the next meeting as well as the end of year balances and expenditures for the 2019-2020 fiscal year. We aren't anticipating any huge changes to the budget other than including information from some newer grants that weren't previously included in the budget. Everything looks fairly well aligned with what was planned. Jessica Roche, Controller, is working on auditing and finalizing the data and reports. This will also help identify the carry-over fund amount for the next fiscal year budget. The audit is sooner than usual because the County of Madera's Controller needs MCWIC's finalized report by December 1st. Everything was moved up a month in order to accommodate the new timeline. The required expenditure amounts for adult and dislocated

workers were expended without any issues but the requirement for the young adult program slowed significantly because most of the expenditures to that program come from paid work experience which slowed down once the pandemic caused businesses to close. The State granted workforce areas an exemption to the mandated 80% expenditure of the required funds to adult, dislocated and youth so area's will not be penalized. Expenditures for staff and operations are normal and as planned. Some training providers are continuing to provide services or have started to provide services in a modified format. The biggest hit to the training program was dealt to the truck driving programs since participants were not able to get their truck driving licenses after the DVM closed down. Many other training providers are also modifying their classes. The delay in Department of Social Services' (DSS) move out of the building helped reduce the fiscal impact. They have vacated the building 100% as of early July. Staff have reached out to the City and School District to try to fill the vacant space. The Employment Development Department (EDD) is interested in expanding the space they are currently using. There is one potential provider who is interested and staff will continue to work with them. Staff have also reached out to Brett Frazier and the Economic Development Commission (EDC) and will also try to contact the apprenticeships. A realtor can not be used as realtor fees cannot be used to pay for the service. If the vacant space is not leased by September, it may be necessary to speak to the building owner and speak about the possibility that we may need to vacate the building. Staff would like to invite organizations who do similar work to the building and need to be careful about business or organizations that sell products.

8.3 Program Update

Information provided within the agenda packet. Wells Fargo awarded Madera Workforce \$10,000. Some of the funds will be used to purchase a virtual platform that will allow staff to provide workshops and other events virtually.

8.4 Census 2020 Update

Information provided within the agenda packet. Staff are continuing to provide information and updates to the community and partners.

8.5 COVID-19 Update

Information provided within the agenda packet. The Center doors are open to the public. Anyone entering the building is screened before entering. All staff have PPE in order to make sure everyone is as safe as possible and everything is disinfected regularly. Additional plexiglass screens were ordered for the lobby and resource room. Staff are providing services virtually, on the phone or by appointment.

9.0 Written Communication

None.

10.0 Open Discussion/Reports/Information

10.1 Board Members

- Debi Bray stated that the Madera Community College Center was officially accredited as the newest California community college.

10.2 Staff

- Tracie Scott-Contreras mentioned that the Community College put a video together for the College's accreditation and that she would share the link with the Board.

11.0 Next Meeting

August 27, 2020

12.0 Adjournment

Roger Leach moved to adjourn the meeting at 3:49 p.m., seconded by Ramona Davie.

Disaster/Emergency Leave

MCWIC offers each employee 40 hours per year of Disaster/Emergency Leave. This leave does not carry-over from year to year, if not used, and is not paid-out to employees when leaving the organization. The 40 hours of leave will be placed into staff's accrual balances at the beginning of each fiscal year on July 1 and will be available for use from that date through the following June 30. Any unused leave balance at the end of each program year will be zeroed out, and the new balance of 40 hours for the new year will be made available.

The Disaster/Emergency Leave is only available for use when the office must be closed due to an emergency or disaster situation, as determined by the Executive Director. Examples of such situations may include, but are not limited to, power outages, water shut-offs, plumbing/sewer issues, severe storms or weather events, earthquakes, or flooding. Other circumstances may include bomb threats, other threats to employees or property, or situations where civil authorities recommend that work not begin or continue.

This leave is not applicable to, and may not be used for, individual leave related to the 2020 COVID pandemic, as the Federal Families First Coronavirus Response Act legislation made additional leave types available to individuals specific to the pandemic.

Subject: MCWIC Resignation

Dear Tracie and Debi,

I am writing to inform you that I am resigning my position on the Madera County Workforce Investment Corporation Board of Directors. After three years of service, I have to make the hard decision to step down from the board. I have been appointed to statewide boards that are demanding more of my attention as well as the intensity of the DRIVE work that we are leading.

United Way values our relationship with MCWIC and we would like to retain a position on the board. My talented and highly capable Vice President, Coreen Campos is interested in a position on the board.

I want to say that I have appreciated the work and the relationships that I have developed as a member of the board. I am very proud of the organization, the growth and the potential! I am always just a phone call, email, or text away. As you all know, I love Madera.

Best,

Lindsay S. Callahan | President and CEO

7.0 Action Items

- 7.1 Consideration of approval of the revised On-the-Job Training policy to include language specific to retention and wage expectations.**

Minor changes have been made to the policy. Language was added to the policy which details how participants who are with an employer for on-the-job (OJT) training will be retained with the business in a similar position at or near the same range that was used for the OJT. This will help ensure that participants are paid similar wages by the employer once retained after the OJT. Minor changes to the rate negotiations were also made indicating that we can reimburse at less than 50% with business of any size who are offering a starting salary of more than \$5 above the minimum wage. This will allow for some cost savings measure as a large number of business with a higher starting wage can use up budgeted funds very quickly.

Debi Bray moved to approve, seconded by Wayne Rylant.

Vote: Approved – unanimous

Yes: Debi Bray, Michelle Brunetti, Brett Frazier, Mike Fursman, Laura Gutile, Bobby Kahn, Wendy Lomeli, Mike Lopez, Deborah Martinez, Mattie Mendez, Linda Monreal, Nichole Mosqueda, Chuck Riojas, Wayne Rylant, Lanie Suderman

- 7.2 Consideration of approval of the Needs-Related Payments policy.**

The Needs Related Payments policy is a new policy. Madera received a small special grant to be used for individuals whose income has been impacted by the COVID-19 pandemic by either becoming unemployed or having their work hours or income impacted. The grant funds can be used for supplemental supportive services such as housing costs, utility payments, obtaining devices to help with connectivity for training, school activities or remote work. The State recommended that local areas create a needs related payment policy in the event that the funds might need to be used as a supplemental income payment. This type of policy could be used in instances where a participant is in training and exhausts their unemployment insurance (UI) payments. In those instances, a stipend can be paid to the participant. In no case would a stipend be more than what a participant was receiving from UI. Staff do not anticipate that stipend payments would be made out regularly, but it could benefit a participant for a couple of weeks in cases where they are close to finishing up their training/classes.

Mike Fursman moved to approve, seconded by Bobby Kahn.

7.3 Consideration of approval of the One Stop Operator Quarterly Report for the period of January 1, 2020 through March 31, 2020.

The report was provided in the agenda packet and included a progress report on the Hallmark of Excellence. Progress is being made in many of the sections The Partner activities have come to a standstill due to the pandemic. Many partner agencies have pulled their staff out and are not back on site yet. Partner meetings are happening over Zoom. Some progress is still being made especially with the Business Services team. The team has been working really hard to integrate various partner services and messages into a central message coming under the Workforce Development Board so community employers and businesses receive information from one source rather than from individuals from each partner agency. Social media and virtual services have been increased. Work is still being done on workshop services for a job readiness credential that would be aligned with what Madera Unified School District is doing for their graduates' profiles. Virtual services for participants have been hit and miss. Many people have connectivity issues and aren't able to participate virtually. Many people have waited until they were able to come to the Center in person. Visits to the Center used to average 200-250 a day but are now approximately 50 a day. Some activities, such as assessment testing, must be done in person due to licensing issues for the testing site. A virtual Rapid Response Zoom meeting for people impacted by layoffs are scheduled weekly. Many workshops are being done virtually or by phone in order to keep participants moving forward in the process.

Wayne Rylant moved to approve, seconded by Chuck Riojas.

Vote: Approved – unanimous

Yes: Debi Bray, Michelle Brunetti, Brett Frazier, Mike Fursman, Laura Gutile, Bobby Kahn, Wendy Lomeli, Mike Lopez, Deborah Martinez, Mattie Mendez, Linda Monreal, Nichole Mosqueda, Chuck Riojas, Wayne Rylant, Lanie Suderman, Cindy Vail

7.4 Consideration of approval of the preliminary program budget for the 2020-21 fiscal year.

The State has provided some allocation amounts for planning purposes. Those figures have been presented within the preliminary budget. Carry-over amounts are estimated. Exact carry-over amounts will be confirmed once the year-end close-out is completed most likely in August with a final budget in September. The budget is mostly level-funded with only slight increases to the allocation amount. Madera was just awarded a \$300,000 Disability Employment Accelerator (DEA) grant. Madera also just received a \$90,000 dislocated worker additional assistance grant, \$27,000 for dislocated worker additional supportive services funds, and a \$300,000 English Language Learner (ELL) grant. The additional grant funds have put Madera in a good position related to the budget. Staffing will remain level. 20% is always taken off the top to carry-over every year in order to ensure that there are operational funds available as we go into the next fiscal year while we wait for the second round of funding to come down from the State. Budgeting for participant costs are included in the budget. 20% of youth expenditures must be spent on work experience or paid work-place learning. 30% of adult and dislocated worker allocations must be for direct training - 10% can be leveraged from other resources. DEA OJTs and some Supportive services are also included on the budget as well as other times such as information on individual training accounts (ITA) and other training activities.

Laura Gutile moved to approve, seconded by Mike Fursman.

Vote: Approved – unanimous

8.0 Information Items

8.1 Madera County Workforce Investment Corporation (MCWIC) Update

Information included in the agenda packet.

8.2 WDB Workshop: Quality Jobs

Information included within the agenda packet. Information on quality jobs will be an essential part of developing the local plan. Many participants may not be able to go into trainings and immediately go into

middle-class jobs. Staff will need to research local area needs and labor market in order to ensure that the needs for local business are met. Staff will most likely draft some policy language in future to bring to the WDB for input and approval.

8.3 Program and Quarterly Financials Update

Information included in the agenda packet.

8.4 Selection of AJCC Operators and Career Services Providers Update

8.5 Regional and Local Strategic Plan Process Update

8.6 State Level Performance Goals and Local Area Negotiations Update

Information items 8.4, 8.5 and 8.6 were discussed as a group. These items are all significant State requirements that will be taking place between July 2020 and March 2021. The Madera County Workforce Investment Corporation (MCWIC) will need to re-apply to be the career services provider for the Madera workforce area. That will require the approval of the WDB as well as the Madera County Board of Supervisors. A fairly comprehensive application will need to be created which will include prior performance outcomes and testimonials. Work will begin on the application soon. Staff hope to bring the application to the WDB for approval in December 2020 and to the State by their March 2021 deadline. It is now time for the regional and local plan process to begin. Regional and local plans are created and submitted every 4 years with a 2-year modification in between in order to keep the plans current to local area needs. The state will provide guidance for the plans in July or August. Madera will work with other Central Valley areas for the regional plan. Staff have identified a consultant to help with Madera's local plan. These plans will require activities and convenings with local community members, partners and organizations. Also coming up soon are the required performance goals negotiations. As soon as the current year's preliminary results for performance are available after August 15th, staff will have approximately 10 days to prepare proposals that will go to the State Workforce Board. The state Board will schedule negotiation calls with their regions and each area in the region will then negotiate with the State. Performance goals will also come to the WDB for approval.

8.7 COVID-19 Update

Information included within the agenda packet. The Center is open to the public. Anyone coming into the Center is screened at the door and is asked to wear a face covering. Staff have all the safety equipment necessary for sanitizing surface areas as needed. Some very small group activities are taking place with a maximum number of participants at 5 in order to ensure proper social distancing. People are starting to come back to the Center.

- *Chuck Riojas: Jake Piland, IBEW Local 100, provided information on open job classifications for solar installers. There is an abundance of work in projects for the foreseeable future in areas surrounding Madera that are close enough that local residents could take advantage of. The majority would be for northern Fresno County, Tranquility, Firebaugh and Mendota areas. A handout with a brief overview of filing requirements and the base rate and increases in salary was provided. People interested in applying can go to the Fresno office located at 5410 E Home Avenue in Fresno, Monday through Friday from 9:00 a.m. to 11:30 am. and from 1:00 p.m. to 4:30 p.m. They will need all the necessary I9 employment documents such as a photo ID and a social security card. They are looking to hire anywhere from 100-200 people for the various projects. Jake will provide a flyer and it will be shared with the Board and on social media. These positions will be entry level. Workers can also apply for apprenticeship. It was suggested that Jake contact Madera Unified School District and the Center for Advance Manufacturing at the Community College for information about and to create a connection regarding CTE and apprenticeship programs happening at those campuses.*

- *Wayne Rylant: thanked Tracie Scott-Contreras for connecting Pacific Ethanol's VP of Human Resources in Sacramento to the Sacramento Workforce Board. He is now a member of that Board.*

Subject: Program Update

Information:

We have been awarded an Emergency Response National Dislocated Worker Grant (NDWG) in the amount of \$90,000. These funds will provide additional funding for staffing and include training funds for approximately 20 new dislocated workers impacted by closures or lay-offs due to the current COVID-19 pandemic. The Business Services Unit continues to hold weekly Rapid Response Zoom Orientation sessions in English and Spanish for individuals that have experienced such impacts.

We have also received \$27,000 in Dislocated Worker funds to provide additional supportive services for individuals who have been laid off due to COVID-19, have experienced a reduction in hours/pay due to COVID-19, or are unable to work for COVID-19 related reasons.

In early June, we were notified that we have been awarded an additional grant for \$300,000 for a Pathway to Career Project for English Language Learners (ELL). We plan to serve 100 customers who are ELL with a focus on work-based learning opportunities and attainment of industry-recognized credentials. The subgrant award for these funds should be received soon.

Recently, we were invited by the Wells Fargo Foundation to apply for funding related to our response to COVID. We submitted a grant application requesting \$20,000 for a virtual workshop platform and laptops/tablets to provide to customers who need them to participate in education, training, or other workforce activities. Award notifications should be made soon.

Additionally, we have partnered with Fresno EOC's Valley Apprenticeship Connections (VAC), the State Center Community College Center/James Irvine Foundation, and the Madera Community College Center to provide a 15-week Pre-Apprenticeship Manufacturing Maintenance Mechanic program. This training opportunity is at no cost to participants and includes all costs associated with the training such as books, supplies, clothing, etc. The first 6 weeks of the program are online and the remaining 9 weeks of manufacturing classes will be provided by the Madera Community College Center.

Subject: Local and Regional Plans Update

Information:

The process for the development of new local and regional plans for the Workforce Innovation and Opportunity Act will begin soon. The plans will cover the period from July 1, 2021 through June 30, 2024 and will require alignment with the policy and programmatic priorities addressed in the State's plan that has already been submitted to the Department of Labor. We are awaiting formal guidance from the California Workforce Development Board and the Employment Development Department, regarding the specific elements required to be addressed in each local and regional plan. State Board staff have indicated that we can anticipate the issuance of the plan guidance in approximately 2 to 4 weeks, and that the expected deadline for plan submission will be in April of 2021.

We are in the process of contracting with a consultant through the California Workforce Association's approved list to assist with the local planning process. This consultant, David Shinder, will also be assisting with the regional plan for the San Joaquin Valley and Associated Counties Regional Planning Unit, which includes eight Valley Local Workforce Development Areas from San Joaquin in the north, through Kern, Inyo and Mono to the south and east.

Staff will be reaching out to the Board to request participating in local convenings and input sessions related to the topics to be addressed in both the local and regional plans.

Subject: Proposed Local Area Performance Goals Update

Information:

Local Workforce Development Boards are required to negotiate performance metrics with the State every two years. While this negotiation takes place on a regional call, each local area addressed their performance negotiations individually. This year, our proposed performance goals must be submitted to the State by August 28, 2020. We have held two regional virtual meetings to discuss performance and the approach each area is taking to develop proposed goals.

The proposed performance goals for our area (see attached chart) are based on the prior three years performance outcomes. The State has directed us to negotiate without consideration of the current COVID pandemic and current local economic conditions.

The proposed goals for Madera County were reviewed/approved by the Workforce Development Board at their meeting on August 20 and will be forwarded to the State by the August 28 deadline. A negotiation phone call for our region has been scheduled for Friday, September 11, 2020.

Subject: One Stop Operator Quarterly Report

Information:

ProPath, Inc., is the One-Stop Operator (OSO) for our local area – a role that is required in the law and by state policy. The (OSO) plans, develops agendas, and facilitates monthly partner meetings in our area, as well as working with our Business Services group. The OSO provides quarterly reports of progress to the Workforce Development Board. The quarterly report for the period ending June 30, 2020 is attached for your review.

Workforce Innovation and Opportunity Act

OneStop Operator Quarterly Report April 1, 2020 through June 30, 2020

During this period of the shelter-in-place requirements, we used online platforms to conduct partner meetings during the months of May and June, 2020. The intent of the meetings is to maintain an ongoing dialogue and information sharing among the partners and hear how they have continued to offer client services during these months, what challenges are being encountered and overcome and identify and address any gaps in communication. The second meeting is the Workforce Business Division, which is comprised of *partners that conduct business engagement activities for Madera County's business community. ProPath, Inc., (OneStop Operator) plans and facilitates these meetings.

This report includes the most salient items from our dialogue. The following partners are represented at the monthly meetings:

- State Center Adult Education Consortium
- Employment Development Department*
- Reading and Beyond
- Department of Social Services*
- Madera County Workforce Investment Corporation*
- Madera Community College Center*
- Central Valley Opportunity Center*
- Housing Authority of Madera County*
- Madera County Economic Development Commission*
- California Indian Manpower Consortium, Inc.
- Madera Adult School

Communication

The partnership continues to benefit from the commitment of its leadership to be a high functioning Center. This is evident by the participation of partners in an open and honest dialogue and information sharing - most important during these times of uncertainty and the barriers faced in providing client services. They continue to focus on working together to ensure the clients receive quality and integrated services.

The use of social media and websites continue to be an important tool for information sharing. The previous effort to ensure websites and program information is easily accessible, as well as linking partner websites has been an important achievement. However, clients remain impacted

Quarterly Report Continued

Page 2

by access to appropriate IT tools and broad-band services, which has a direct impact on the level of services to those who are not able or are hesitant to enter a public space.

Coordination and Integration

The State Center Adult Education Consortium is making contact with all the students who are nearing or have completed their high school education to help with their transition to college. They are using desktop sharing software to help them complete their federal student aid applications and/or as needed, provide a means for them to complete the remaining education requirements. The technology divide continues to be a challenge but are working together to provide access.

The Central Valley Opportunity Center is opening up their service locations so clients can continue working towards completing their educational and skill attainment goals, while observing social distancing and public safety requirements. They are able to provide hands on skills classes, such as in their welding program, and are having those in their truck driving programs work to complete the academic portion of their program to be ready for the driver's training portion when that becomes available. The State DMV Offices being closed also presents a hurdle to employment. They are providing limited access to classrooms so clients can continue to learn new skills. They are also providing supportive services (rent assistance and food assistance) to their clients in these programs. Finally, they are working to eliminate some administrative barriers to enable clients to be co-enrolled in both CVOC and WIOA programs – which will leverage additional funds to support the client while in a training program.

As partners are adjusting and changing service strategies to respond to the need for services, they are also putting in place the necessary health and safety measures, and are slowly and safely expanding service offerings. The use of the County's 211 Service and the Madera County resources directory are also used to refer clients to additional supports from local partners and community-based organizations.

Hallmark of Excellence Item 6 “Integrated Business Services Strategy”

The Workforce Business Division partnership continues their work to integrate business services and strategies. There has been a focus over these months to ensure information is shared with businesses regarding federal or local grant assistance programs, and to provide services and information to employees impacted by the economic shutdown of businesses in the County. Although the impact has been large, one stabilizing factor is the make-up of the County's economic base – manufacturing sector, medical and some larger commercial operations have not been adversely affected, in fact are expanding and are seeking assistance in hiring.

Quarterly Report Continued

Page 3

Partners have continued to receive job orders and provide job-placement services, supported by interviewing skills using a variety of methods: telephone; online platforms, and have recently restarted the Center's mock interview panels to ensure clients are prepared to be successful in the interview/hiring process. Also, the Madera Community College Center is working with their students to help them become comfortable using online platforms for interviewing skills.

Going Forward

Central Valley Opportunity Center continues with the development of a new training Center in Madera. The new training center will provide instruction and training in the manufacturing (welding) and logistics (truck driving) sectors. We look forward to the completion of that project and the expansion of quality training programs in the County.

During the meeting in July, we will continue to share information and identify opportunities to enhance coordination with the safety measures in place. We will also review data sets from Dunn and Bradstreet to determine the baseline for total businesses in Madera County, and continue our efforts to support businesses during this period and also begin expanding our outreach to companies to work toward our common goal of adding 50 new businesses to our network of engaged businesses.

Subject: Information on Weekly Unemployment Insurance Initial Claims for Madera County

Information:

Attached is the report outlining the number of initial Unemployment Insurance and Pandemic Unemployment Assistance (new program for gig workers and self-employed individuals) for Madera County. New claim numbers seem to be leveling off again, after a second surge of 2,043 claims for the week ending July 18, 2020. This second surge occurred following the County being placed on the Governor's watch list and requiring closure/modification of a number of business sectors after they had reopened.

Madera County has had a total of 29,354 initial claims for unemployment insurance benefits since the week ending March 21, 2020, following the initial closure and shelter in place orders issued by the Governor in March.

Subject: COVID-19 Update

Information:

On March 13, 2020 we moved to phone-based services to minimize public contact while continuing to provide services. The resource room was open and limited to a maximum of 10 people at a time, and 1 hour per person. We sanitize the equipment after each use.

As of March 20, 2020 at noon, and in response to the order by the Governor, we locked the front doors to the facility and have been providing access to the facility by appointment only. This includes picking up or dropping off documents, accessing the resource room, or scheduling assessments. Our staff have been providing all other services by phone or on-line meetings. This has been consistent with the strategy being used by other partners who are still open and on-site or otherwise available, as organizations who provide government programs and services.

We developed a phased plan for beginning to provide in-person services that we began rolling out the week of May 4. At this time, the number of customers who are interested in in-person services is very low, and we are managing the numbers safely and effectively. Customers who do come into the facility are screened at the lobby doors and are asked to immediately wash or sanitize their hands. We ask that customers coming to the Center for in-person services wear a mask or face covering as well.

The front doors of the Center were reopened to the public on June 8, 2020. The screening, mask, hand sanitizing, and social distancing requirements remain in place. We have added plexiglass screens to the lobby and resource room staff desks and are limiting group activities to 5 at this time, to ensure appropriate social distancing.

Given the new shut-down orders issued by the Governor on July 13, we will be maintaining all current safety and health practices and anticipate another surge in individuals needing assistance with unemployment insurance and job search services. We are watching customer numbers closely and will move back to more restricted access if customer numbers increase to a level that exceeds our current limitations on safe group sizes.

On July 29, due to a positive case of COVID-19, we initiated a 14-day closure of the Center and our organization in compliance with isolation/quarantine requirements currently in place. We were able to reopen the Center on Thursday, August 13, and have not had any additional instances of illness to date. Our Public and Internal Health and Safety plans have been updated to align with local and State guidance around the safe reopening of AJCC's. The updated plans have been shared with partners and with all staff and have been posted in English and Spanish at the entrance to the facility.

All staff have been provided masks, and we have made disinfecting products, hand sanitizer, and gloves available to all staff as well.

We continue to monitor the situation by regularly checking the CDC, State, and Local Health Department websites.

Subject: Census 2020 Update

Information:

We are continuing to post census information in the Center and via social media. Census staff have provided us with recruiting materials for open positions in the area, which we have disseminated. They have also contacted us regarding using the facility for employee orientations, but have not yet scheduled any on-site events.
